My Positives and Strengths

Thank you for taking the time to read my Health Passport, please can you help me further by ensuring this is read by all your colleagues by placing it with my medical notes.

Please hand it back to me at the end of my appointment or at the time of my discharge.

If you require any further information regarding 22q11 conditions please see www.maxappeal.org.uk where you can download resources including a consensus document which was designed and written by over 50 medical experts to compile a comprehensive and universally agreed lifelong care plan for people with 22q11DS within the framework of the NHS.
